

Specialized Care

Respite Care –

Respite Care offers time away for those who are currently assisting with the care of a family member or friend. We can provide assistance so that current caregivers may take time away for their own personal needs.

Our Commitment

Community Care Connections believes in the highest attainable quality of care for our patients and friendly, attentive service. Our highly skilled, dedicated staff is here to serve with one goal in mind, to make each patient's service with us a positive, life affirming experience. We believe that the quality of life our clients enjoy is as important to them as the quality of care. Consequently, our valued employees know more than their jobs; they understand the importance of a kind word, a gentle touch, and the healing power of a smile. Compassion enhances our care everyday. At Community Care Connections, you will find professional, compassionate, and affordable care. That is our pledge. That is our commitment to you.

“Medicalodges, Inc. welcomes anyone in need of services and does not discriminate on the basis of race, color, national origin, sex, age, or disability.”

*“We Serve and Enhance
the Lives of Others
with Caring Hands.”*

🌀 Welcome to Community Care Connections

Thank you for taking a moment to learn what Community Care Connections has to offer. We are a Home and Community Based Services Agency (HCBS), providing in-home services specializing in the care and needs of the frail elderly and physically disabled private client. We offer quality home care and geriatric care management services in the communities that we serve.

🌀 Employee Ownership

In February 1998, one of the most significant events in the history of Medicalodges, Inc. took place. An agreement was reached by which the employees of Medicalodges bought the company and thus ensured the future of the company would be determined by the thousands of employees who make Medicalodges what it is today. Medicalodges was the first health care company in the United States to be 100% employee-owned and remains one of the largest employee-owned companies of any industry in the country.

Each and every one of the thousands of persons who entrust their health care needs to us every year does so with employees who are also owners of the company. Thus, each employee has a deeply personal, vested interest in providing the highest level of quality care. We experience few staff turnovers which results in stability and more personalized care for the residents and clients. As an employee-owned company, any profits that are made are put back into the company, its care centers, resident care, and to retirement funds.

🌀 Our Team

Community Care Connections guarantees quality care that ensures confidence and trust in our agency and staff. We make every effort to provide for the protection, security and confidentiality of our clients.

Clients' rights and quality care are our top priorities. Quality assurance visits and phone calls are made routinely to assure that our clients and their families are completely satisfied with the services we provide. Our staff consists of Registered Nurses, Licensed Practical Nurses, Certified Nurse Aides, and highly trained Personal Care Attendants. Each and every staff member is carefully screened and must undergo a KBI (Kansas Bureau of Investigations) background check upon employment.

🌀 "Quick Checks"

Quick Check is a brief visit as short as 15 minutes. This offers the client unparalleled convenience and cost savings. Community Care Connections also offers daily phone checks so that individuals and families are offered the peace of mind that you and your loved one will have someone checking in.
